BUY CHERRY BLOSSOMS FOR A GREATER G. W!

Vol. 25—No. 19

WASHINGTON, D. C., WEDNESDAY, FEBRUARY 20, 1929

(IP) Means Intercollegiate Press

Chips

We see by the papers that the Secretary has called Will Rogers' bluff. and has invited the western humorist to the Convocation. We bet that he'll be afraid the football team (sic) will mob him, a d won't accept the bid.

Anyhow, we are seeking ring-side seats, in case Will should blow in, and besides, the President's address should be interesting if he talks on "Forward Passing," and other vital University matters.

The old order passeth, and The Hatchet office goes the way of all flesh, and becomes a zoology laboratory. The new home of the weekly rag is in the basement of Stockton Hall, where The Cherry Tree held forth until ejected to the fourth floor of Building A.

Although the classes in law school are condusive to sound sleeping, our bet is that even that staid institution will wake up when Rabelaisian gatherings take place in the spick and span room just beneath the Dean's office. The Hatchet office is rich in tradition and noise. Law School, here we come.

Some admirer sent us a hand-painted valentine, which suggests that since it is Valentine Day, we bury The Hatchet. Well, folks did their best when they placed us below ground in the basement of Stockton Hall.

We know that the sender is a member of Dr. Ragatz' paper-doll course in history, for no one else in the University would own water-colors if it were not for painting required maps from time to time.

Hawkshaw himself was a piker compared with us.

A friend tells us of a nice way that some enterprising students used to beat the game of getting grades late. They asked their Deans for requests to get thei rrades, in order that extra hours n ht be taken if the grades were high enough. The joke is that students who ordinarily average C or D asked for this permission. whereas, to take extra hours, an average of B is required. Nice work, that.

Class officers at George Washington seem to be overworked—trying to find out what they are supposed to do. And some of them don't try very hard to find that out. Did you know that there are 115 student offices in the University exclusive of the Law and Medical Schools?

Honestly, there shouldn't be that many loafers in a university of this size. Somebody ought to draw the line somewhere.

The Bell Telephone System says that it pays to study and receive high grades, but it's hard to convince anybody of the fact right after the mid-years, when June is far, far away.

One of the prizes in the publications' advertising contest is a man's hat. Leaders should know that anyone wearing a hat on these warm days would be thrown out of school.

Gamma Eta Zeta pledges seven co-ed journalists, as a sort of an answer to the twelve students and five honorary men that Pi Delt selected. The war is on. We await The Razz Berry and The Petticoat.

The freshmen basketeers have won eight of eleven games so far this season. The varsity has won a single contest. Tonight each record will be added to in some way. We might fool Catholic U. and switch uniforms on the teams. Then imagine their embarrassment.

The Tropical Number of the Ghost is still on its way, but if it is delayed much longer, we'll be too warm to read it.

And we should hear of a wiggle from the Colonial Wig soon, for the Cherry Tree is all set for the annual picture melange.

Troubadours are gradually getting the old mandolin tuned up for the spring festival. Are there to be three choruses this year—big, small, and smaller?

Dean Doyle advocates freedom of the press in a speech out at Maryland. We guess that he read The Hatchet editorial of last week as preparation for his talk.

DICK ROLLO.

WILL ROGERS IS SENT INVITATION TO CONVOCATION

Comment on President's Address To "Some Twin-Name University" Responsible

FIFTY-THREE STUDENTS WILL RECEIVE DEGREES

Professor Elmer Louis Kayser, Secretary of the University, Is In Charge of the Program

Will Rogers, wit extraordinary and 1928 Presidential nominee on the Independent Ticket, has been sent an invitation by special air mail to attend the Winter Convocation of the University on George Washington's birthday, Friday, February 22, at the Washington Auditorium, 19th and E Streets N. W.

The message reads: "The President, Trustees and Faculty of the George Washington University request the honour of your presence at the Midwinter Convocation upon which occasion the address will be delivered by the President of the United States."

Rogers' press comment on the President's Washington's birthday address at "Washington and Jefferson, or Washington and Jackson or some twin-name University down along the Potomac somewhere," published in the Washington Sunday Star of February 10, 1929, has caused considerable comment.

Acceptance Uncertain

Professor Elmer Louis Kayser, Secretary of the University, remarked that he was in no position to say whether Rogers would accept or not.

When the President and Mrs. Coolidge receive their honorary degrees on the evening of February 22, it will probably be the first time in history that a husband and wife have been conferred degrees at the same time.

In the list of some 2,500 prominent people of Diplomatic, Social and Military Circles who have been extended invitations occur the names of outstanding national figures including Julia Marlowe, E. H. Southern, Mary Roberts Rinehart, Charles Evans Hughes, and Henry L. Mencken.

53 To Get Degrees

Degrees will be conferred upon some fifty-three candidates, each being introduced by his respective dean. Nineteen students will graduate from Columbian College, one degree being conferred with high distinction; sixteen from the Law School, one Master of Laws; eight from the Graduate School of Letters and Sciences; four from the School of Education, one with distinction; two from the School of Engineering; one Master of Science in Chemistry; two Doctors of Philosophy.

The honorary degree of Doctor of Laws will be conferred upon President Coolidge.

Professor Elmer Louis Kayser is in charge of the program.

Large Radio Network

The ceremonies will be broadcasted over a radio network of no less than 24 nation-wide stations.

Promptly at 8 o'clock the procession of graduates in caps and gowns will enter the hall. The United States Marine Band, under the baton of Captain Taylor Branson, will play.

Reverend Doctor Jason Noble Pierce of the First Congregational Church will offer the invocation. Immediately after President Cloyd Heck Marvin will make introductory remarks and present President Coolidge.

There will be no graduates from the School of Medicine or the School of Nursing.

The academic procession will include those who completed their requirements for degrees in October, 1928, candidates for graduation at the June Commencement, as well as February, 1929, graduates.

According to present plans, all schools and departments of the University will be represented in the procession.

Procession to Form at 7:15

The procession will be formed promptly at 7.15. Caps and gowns may be obtained in the basement of the Washington Auditorium on the evening of February 22, after 6.30.

The President and Mrs. Coolidge, trustees and faculty members will be seated on the platform.

All seats are reserved and by invitation only.

In all probability, this will be President Coolidge's last public address before his retirement from office on March 4.

Invited guests include the British Ambassador and Lady Howard, the French Ambassador and Madame Paul Claudel, the German Ambassador and Frau Dr. W. V. Prittwitz-Gaffron, the Austro-Hungarian Ambassador and Madame Edgar L. G. Prochnik, the Italian Ambassador and Nobil Donna Antoinette de Martino, and the Spanish Ambassador and Senora Don a Alejandro Padilla y Bell.

GRADUATE POSITIONS

Senior students who expect to graduate in June and who do not have positions may register with Evelyn Jones, the University Employment secretary, immediately. Girls who want teaching positions are especially urged to register with Miss Jones.

GAMMA ETA ZETA TAKES 7 CO-EDS

Honorary Journalistic Fraternity Pledges Seven Women Prominent in Journalism

REPRESENTATIVE GROUP

Albert, Campbell, de Haas, Ford, Loeffler, Peterson and Webb are New Pledges

Gamma Eta Zeta, honorary journalistic fraternity, pledged seven women prominent in journalistic fields at the University on Thursday, February 14, in the Chi Omega rooms.

The seven are: Dorothy Albert, Ruth Campbell, Miriam de Haas, Elizabeth Ford, Margaret Loeffler, Hazel Peterson and Wanda Webb.

Dorothy Albert has been Assignments Editor of the Hatchet in '28-'29. She is a member of Alpha Delta Pi.

Ruth Campbell was assistant Society Editor of the Cherry Tree in 1927, and Society Editor in 1928 and 1929. She is a member of Chi Omega.

Miriam de Haas has made notable contributions to the Colonial Wig this year.

On Colonial Wig

Elizabeth Ford was on the Colonial Wig last year and is a member of the Board this year. She belongs to Alpha Delta Theta.

Margaret Loeffler was assistant Features Editor of the Cherry Tree in 1928, and is Managing Editor and Faculty Editor of the 1929 Annual. She has contributed to the Ghost for three years.

Hazel Peterson was on the Hatchet Staff of '27-'28, and is Women's Sports Editor for '28-'29. She is a member of Chi Omega.

Wanda Webb was on the Board of the Colonial Wig in '27-'28 and is Chairman of the Board for '28-'29. She belongs to Alpha Delta Pi.

TROPICAL GHOST WILL APPEAR FEBRUARY 25

Rowland Lyon is Editor of Next Number of G. W. U. Comic Magazine

The Tropical Number of the Ghost will appear on the campus, Monday, February 25. Rowland Lyon, member of the Board of Editors, will edit this number in the absence of the Editor-in-Chief, William Brawner.

This issue will feature two special articles, Torrid Topics, containing inside information on the activities of several faculty members during a mythical vacation in the tropics, and an examination, with questions and answers, written expressly for the faculty.

The Timely Tunes section by William Dove Thompson, an editorial on the fate of the Ghost, a full page cartoon by Betty Bunten, spicy exchanges, and the usual clever poetry, among which will be two poems by Peggy Somerville, will complete the issue. The cover is in four colors, and is the work of Rowland Lyon.

Contributions for the fifth issue of the Ghost, the Phantom Number, which will appear Friday, March 15, should be left in the Ghost box in Lisner Hall, or in Dean Doyle's office before tonight. The March number will be edited by William Dove Thompson, and Wesley Jones will act as Business Manager. Marion Stewart has been promoted to the position of assistant Art Editor.

The Ghost management announces several vacancies on the Editorial Board, and urges that applications for positions should be filed with Dean Doyle's secretary. It is also announced that the vein of the Ghost is increasingly satirical and that signed articles of commendation or criticism of faculty, George Washington's methods or policies will be printed.

MEETING OF DRAMA CLUB WILL BE ON FEBRUARY 20

A meeting of the Drama Club is to be held Wednesday evening, February 20, in Corcoran Hall 27, at eight o'clock. This is the first program to be given by the organization since examinations.

The readings of several one-act plays will feature the program, which will include also several monologues.

Plans for the plays to be produced in Corcoran Hall 1, next month by the club will also be discussed.

LOCAL MASONIC CLUB SPONSORS BLOSSOM DRIVE

Annual Sale of Cherry Blossoms For Benefit of Foreign Service Chairs

PAN-HELLENIC COUNCIL TO COOPERATE IN CAMPAIGN

Final Details of Distribution To Be Worked Out at Club Meeting Monday Night

An opportunity to make a definite contribution to aid in the upbuilding of George Washington will be given to the student body of the University on Wednesday and Thursday, when the national campaign for the sale of cherry blossoms by the National League of Masonic Clubs will be launched on the campus.

The proceeds of this drive which has received the hearty endorsement of all persons interested in a greater George Washington will be devoted to the maintenance of two chairs of Foreign Service in the new school of Government recently endowed by Scottish Rite Freemasonry at G. W.

The ceremonies will go on the air at 8.15 and be broadcast from coast to coast over 30, and probably more, key stations of the National Radio Corporation.

Locally the drive will be held under the auspices of the George Washington University Masonic Club in cooperation with a committee under the chairmanship of Mildred Garrett appointed by Virginia Mitchell, President of the Pan-hellenic Council.

Representatives of the sororities cooperating in the campaign are: Alpha Delta Pi, Bernardine Horn, Catherine Slaughter; Pi Beta Phi, Geraldine Free, Elinor Daniel; Gamma Beta Pi, Mary Bates, Mary Detwiler; Phi Mu, Catherine Spengler, Ethel Cope; Sigma Kappa, Ruth Remon, Marian Zeigler; Chi Omega, Doyne Williams, Connie LaFount, Sallie Himman, Carolyn Brasch, Della Little; Kappa Delta, Hazel Gabbard, Mildred Garrett and Delta Zeta, Sara Saunders, Alethea Lawton. Representatives from Alpha Delta Theta, Zeta Tau Alpha and Phi Delta will be named at a later date.

M. Ralph Morgali, Delbert J. Harrill, Aaron S. Rippey and Babe Clapper have been appointed by President have been appointed by President Norman H. Conner as a committee of the Masonic Club to manage the distribution of the blossoms.

The final details of the campaign will be worked out at a meeting of the Masonic Club to be held in Corcoran Hall on Monday, February 18, at 8 o'clock. Representatives of the District of Columbia Advisory Board will address the Club on the history of the cherry blossom drive.

Following a custom in vogue in the club several years ago, it is planned to serve light refreshments at the conclusion of the program. All members of the Masonic fraternity affiliated with the University are cordially invited to be present on this occasion.

The cherry blossoms are manufactured of cloth and in many respects are comparable to the poppies of post-war days. They are likewise made by crippled war veterans who will receive a part of the proceeds of the sale, representing the cost of the materials and labor. The blossoms will go on sale on the afternoon of February 20 and continue through the 21 and will be sold on the campus by representatives of the George Washington sororities at a nominal cost of ten cents or as much as the purchaser chooses to contribute.

Since the establishment of the Education Foundation sufficient funds have been raised through gifts and other means to justify the establishment of the two chairs in Foreign Service in the University last September and it is proposed to enlarge and extend the project as larger sums become available.

To this end all clubs of the National League throughout the United States are engaged in the sale of the cherry blossoms and it is expected that their efforts will be the means of supporting the chairs until a sufficient amount is obtained which may serve as a principal sum to be invested and the interest used in the continuance of the work.

TEA DANCE TO BE HELD WASHINGTON'S BIRTHDAY

The sixth of the series of open University dances sponsored by the Interfraternity Council will be held Friday afternoon, Washington's Birthday, in Corcoran Hall from four until seven.

It is the aim of the Council to make these dances even more popular than they have been in the past. With this in mind the well known and popular "Dagmoir" Band has been booked.

With the event of the holiday and the popular demand for a dance, a large turnout is expected.

The usual subscription will be one dollar, couple or stag.

REWARD OFFERED

A reward is offered for a white gold bracelet set with a diamond and two sapphires. Finder will please call Columbia 9343.

DEBATERS FAVOR CENTRALIZATION

Columbian Society Made to Favor Centralized Government By President's Vote

FOOTBALL TO BE DEBATED

Popularity of Subject of Next Week's Debate Expected to Draw Large Crowd

By the deciding vote of the president, the Columbian Debating Society went on record as favoring the continuance of centralization of the Federal Government last Friday evening, February 15, after a bitterly contested debate.

In the constructive debate Ralph Morgali and Gilbert Rabinowitz of the affirmative side and Lionel C. Stukes and Norman H. Conner of the negative, made such convincing arguments for their respective sides that that the society was evenly divided on the question. President Laughlin had to break the tie.

The subject was: "Resolved, That the Federal Government should continue to be centralized."

Debaters Show Eloquence

Ralph Morgali gave very logical arguments in favor of centralization. Gilbert Rabinowitz showed the strength of centralized government.

Lionel C. Stukes was there with his usual eloquence. Norman H. Conner presented interesting phases of the question.

The speeches from the floor gave interesting views on the question. The three-minute speakers were, C. T. Shanner, Hearst R. Duncan, J. Dana Quarles, Ralph T. Joyce and James G. Wingo.

Critic is on Duty

After the debate, Critic C. T. Shanner made a critical speech. It was well received by the society.

On Friday evening, March 1, the society will debate the question, "Resolved, That football in George Washington University should be abolished." Since this subject is of such current interest, an unusually large audience is expected.

Cartwright Addresses Feb. Newman Club

Club Will Hold a St. Patrick's Dance at the Hotel Hamilton

"The Roman Question" was the subject of a talk given by the Rev. Dr. John K. Cartwright at the meeting of the Newman Club held in Corcoran Hall on Thursday, February 7. Dr. Cartwright reviewed the cause and history of the famous dispute between the Vatican and the Italian State, and explained the terms of the currently reputed concordat between the two powers.

The committee in charge of the St. Patrick's Dance of the club has decided to hold the affair in the Chantilly Room of the Hotel Hamilton on Monday evening, March 18. Tickets will be available within a short time.

At the meeting on February 7, Tom Bentley was elected official delegate to represent the G. W. Newman Club at the convention of the Middle Atlantic Province of the Federation of College Catholic Clubs in Philadelphia on February 8, 9 and 10. Several members of the club journeyed to Philadelphia to attend the Formal Dance of the Convention at the Ritz Carlton Hotel.

As the Newman Club has recently affiliated with the National Federation of College Catholic Clubs, the G. W. chapter was represented by delegates at the convention of the Middle Atlantic Province of the Federation, to be held in Philadelphia on February 8, 9, and 10. Many members of the club attended the opening event of the convention—the formal dance at the Ritz Carlton in Philadelphia on Friday, February 8.

HATCHET, CHERRY TREE ASSIGNED NEW OFFICES

The Hatchet and the Cherry Tree have both been assigned new offices on the University Campus.

The Hatchet's new office is in the basement of Stockton Hall, the old Cherry Tree office.

The Cherry Tree has been given an office on the fourth floor of the Administration Building. The new Cherry Tree office provides more room for the filing of proofs and materials collected to the yearbook.

MRS. CHAUNCEY DEPEW ENDOWS FORENSICS CHAIR

Income from $120,000 Fund Will Support New Public Speaking Professorship

ENDOWMENT IS GIVEN IN MEMORY OF SENATOR

Mrs. Depew Has Moved to Washington and May Take Active Interest in G. W.

An endowment of the income from a fund of $120,000, for the establishment of a department of public speaking at George Washington University, has been made by Mrs. Chauncey M. Depew, President Marvin anounced last Sunday.

The gift was presented as a memorial to the late Chauncey M. Depew, who was one of the most famous orators of the past century. Mr. Depew also served two terms as Senator from New York, and was director of many large corporations, including the New York Central Railroad. He declined the positions of Secretary of State and Ambassador to Japan.

The establishment of one new chair in public speaking and one assistant professorship will be made possible by this gift. Thus the University will be able to offer a much more elaborate program in forensic subjects.

Memorial to Late Husband

In making the gift, Mrs. Depew said in part, "I am giving this chair of public speaking to George Washington University as a memorial to my husband. . . . I am confident that he would be happy to have his memory perpetuated through this great university."

Courses in both the day and the evening sections will be added as a result of the endowment. It is considered a possibility that a separate school of public speaking may be established later.

Mrs. Depew has recently become a resident of Washington, and she will probably take an active interest in the formation of the public speaking department here.

G. W. VARSITY DEBATES SYRACUSE AND COLGATE

Frisbie, Duncan and Howard Debate on Jury System in no Decision Contests

The George Washington University Men's Debate team, invading foreign territory for the first time this year, met Syracuse University and Colgate, debating the former on Saturday, February 9, and the latter on Monday, February 11. Both debates were no decision contests. The question was, "Resolved: That the jury system should be abolished," with G. W. upholding the negative in both meetings. Karl Frisbie, Hearst R. Duncan, and Andrew Howard composed the G. W. team.

From all reports the G. W. team made an excellent showing in both contests and had a decision been rendered neither team would have won by a big margin. A large audience attended the debates.

On Tuesday, February 26, the University of Richmond will provide opposition for the men's varsity. The question is, "Resolved: That the United States should adopt the policy of free trade with all nations on a reciprocity basis." G. W. will uphold the negative.

Cherry Tree Writers Receive Instructions

Editor Huber Expects to Publish 1929 Annual Before End of School Year

At a meeting on February 15, of the entire Cherry Tree Board and Staff, final and definite instructions were given concerning G. W's 1929 annual.

It was announced at the meeting that all members of the staff must prepare their work on standardized copy paper which is obtainable at the new office on the top floor of the Administration Building. Each sheet must have a carbon copy for proof reading. This material is to be placed in the exact form and order in which it will appear in publication.

"The general plan is similar to last year's Cherry Tree," declared Elbert Huber, the editor, "but class pictures are to receive different treatment." No more individual photographs may be taken at Edmonston's. Huber announces that work is progressing rapidly and encouragingly and that this book will be published before the close of the school term.

Each worker has been requested by the Board to fill out a card having his name, address, telephone number, and free hours.

2. *Freedom of Press for Campus Publications.*
3. *Recognition of Student Opinion in Matters of Administrative Policy Pretaining to Students.*

GRADES

Three weeks have now elapsed since examinations ended and the new semester started, and up to the time The Hatchet goes to press at eight o'clock Tuesday morning, no grades have been received by students.

This is a very strange state of affairs. Professors were required to submit their grades forty-eight hours after their last examination, so that flunk and condition slips might be issued in time for registration for the second semester. Consequently all the grades were in on time. And now registration for the new semester has been over a week, and still there are no results.

It seems to The Hatchet that until the Registrar's office can be placed on as efficient a basis as the Bursar's office, which gets out bills with great precision, instructors should be allowed to give out grades to students at will.

Under the present plan, instructors are forbidden to give out grades at the mid-year (though some of them do), in order that students in arrears in accounts will not learn their grades until their bills are paid. But since academic credit is not allowed until all debts owed the University are paid, this seems useless. The students who have paid their tuition have literally bought a semester of education, and because of this fact, if for no other reason, they should be allowed to know just what they have purchased.

If grades cannot be mailed out officially with any degree of promptness, and if professors are forbidden to mail out unofficial grades as is done at the University of Pennsylvania and the University of Wisconsin, at least they should be allowed to tell the student his grade.

What object is there in making the grades secret? After all, aren't they ours?

MORE ABOUT CUTS

Before The Hatchet suggested in its last issue that students be allowed as many cuts a semester as they were carrying class hours a week, in addition to absences covered by doctors' certificates, it did so after studying student opinion. And this one editorial, as no other, has brought commendation to The Hatchet for its stand. In no case has a student had anything but praise for the above suggestion.

The Hatchet, in presenting editorials on live subjects, believes with Woodrow Wilson that "one cool judgment is worth a thousand hasty councils. The thing to do is to supply light and not heat. At any rate, if it is heat, it ought to be white heat and not sputter, because sputtering heat is apt to spread the fire. There ought, if there is any heat at all, to be that warmth of the heart which makes every man thrust aside his own personal feeling, his own personal interest, and take thought of the welfare and benefit of others."

Consequently, The Hatchet communicated with other urban universities to see just what their policy was. The University of Akron allows one cut for each class hour taken, with the limit not to exceed 29 a year. The University of Cincinnati allows one cut for each class hour, regardless of the number.

Is it not a reasonable request that George Washington do likewise?

NOW is the time for all those making their grades to come duly forth and be initiated, and for those not making their grades to make whomever they can. How did we ever get on that subject? As we were saying, "Hell Week" seems to be the order of the day at most of the fraternity houses, with a little time given to pledging and dancing just to keep things going.

Sigma Nu gave an exceptionally good Valentine Dance at the house on February 16. The decorations were very attractive, and Dagmoir music was all that music could be. The guests included many representatives from other fraternities.

Kappa Sigma's dance, given on February 16, at the Wesley Heights Club in honor of the new intiates, was very enjoyable. Mulford's Music helped in making the dance a success.

Theta Delta Chi held a novel moving-picture party at their new house last Saturday night. The picture presented was "Dancing Mothers." This was followed by dancing to an impromptu orchestra composed of Theta Delts.

Sigma Chi is giving a house dance tonight in honor of the initiation of Ralph Ramsey and Walsh Richards. Bill Jemison's orchestra will furnish the music and provide special entertainment.

Theta Upsilon Omega held its annual founders' day banquet at the National Press Club, at eight o'clock, Saturday, February, 16. Professor Elmer Louis Kayser was toastmaster, and among the guests were S. W. McGinness, Arch Master of the fraternity; and Lyle W. Ohlander, president of the alumni chapter. Following the banquet the following men were initiated into the fraternity: D. Alan Dryer, Wendell H. Bain, James A. Lumsden, Lawrence A. Nichols, Jr., and Fred E. Strine.

Pi Beta Phi entertained at luncheon and bridge on February 15.

Kappa Alpha gave a very successful dance at Indian Springs Golf Club on Friday, February 15. Dagmoir Orchestra played for the dance.

The pledges of Delta Tau Delta gave a dance at the House in honor of the active chapter on Friday, February 15.

Sigma Nu announces the initiation on February 10, of Daniel E. Nicholson, Wallace Gardella, Robert E. Hodson, Edward A. Finnelson, Philip B. Waller, John Dooley, James B. Reynolds, C. C. Rowland, C. Walter Colison, Harry McReynolds, Walter A. Saunders, Frank O. Mennen, Herrick Franklin Bearce, and Richard P. Hawes. Walter Saunders received the Sigma Nu pin, which was presented to the initiate making the highest average in his pledge work.

Chi Omega pledges entertained pledges of the other sororites at a Valentine Tea on February 14, in their rooms.

Frances Robinson went to V. P. I. last week-end, where she led the figure at the dance.

Professor Elmer Louis Kayser was host at luncheon Saturday, February 16, at the National Press Club, in compliment to Mr. S. W. McGinness, Arch Master of Theta Upsilon Omega fraternity. The guests were Henry Grattan Doyle, Dean of Men; Charles Wendell Holmes, Comptroller; Henry W. Herzog, and Sherman E. Johnson.

Acacia will hold a Washington's Birthday Dance at the chapter house. Music will be furnished by Elmer Brown's Orchestra.

Kappa Sigma held initiation services at the house on Friday, February 15, for the following: Richard Earl, Kenneth Swiger, Malcolm McGregor, Thomas Baldwin, Robert Hoffman, Jack Morgan, J. E. White, James McCammon, and James Brearly. The District Grand Master, Dean Prince of the University of Richmond, came to Washington to participate in the Ceremonies. Many prominent alumni of the fraternity were also present.

Maude O'Flaherty spent the week-end at Martinsburg, West Virginia.

Alpha Delta Theta was at home to several guests at tea Sunday afternoon in the rooms. The sorority also gave a Valentine party with appropriate decorations on Wednesday night.

Kappa Delta gave a luncheon in honor of their house chaperone, Cornelia Puleston. Dean Henning, Professor Deibert and Professor Foster were also guests at luncheon at the Kappa Delta house last week.

Sigma Kappa entertained several rushees at dinner in their chapter rooms on Monday, February 13.

John Jay Chapter of Phi Alpha Delta Law Fraternity, gave one of their most successful formal dances of the year, Friday evening, at the Indian Springs Country Club. Taft Chapter from Georgetown University and the Alumni Chapter were guests and representatives from practically every fraternity and sorority both in the college and law school were present. The officers of the fraternity this year are; Justice, Otho Rogers, Mississippi; Vice Justice, Charles E. Mahoney, Massachusetts; Secretary, Gwynn X. Sanders, Ohio; Treasurer, Harold N. Hufford, Indiana; Marshall, John T. White, D. C.

Acacia entertained at a smoker at the Chapter House on Saturday, February 16, to Masons and De Molays in the University. William R. Hoekenberry, National Treasurer of the fraternity, was the guest of honor.

The girls' debating team from Penn State will be house guests of the Kappa Delta Sorority during their stay in Washington.

A bridge party for members and their guests was given on February 15, by Zeta Tau Alpha at the home of Marion Stewart.

MAJ. A. W. HERRINGTON DISCUSSES 1929 AUTOS

Authority on Motor Transportation Talks to Mechanical Engineers On Wednesday, Feb. 13

"The Automobile of 1929," was the topic presented by Major A. W. Herrington before the meeting of the George Washington student branch of the American Society of Mechanical Engineers on Wednesday evening, February 13.

Major Herrington, who is an authority on motor transportation, sounded the keynote of the automotive industry when he quoted Mr. Kettering of General Motors, as saying, "It is not enough to make a thing better and more efficient, but also it must be made to sell cheaper." The Major then pointed out the advanced engineering features of this year's auto, such as: Motors of increased power, speed and compression, fool-proof and positive clutches and breaks, and a further lowering of the frame, due to "Hypoid" gearing in differential. These features combined with larger, heavier bodies and hydraulic shock-absorbers make for easy-chair riding comfort.

A lively discussion, in which Major Herrington answered many pertinent question, followed the talk.

TROUBADOUR BOARD TO SET TIME FOR TRIALS

Directors to Meet in Dr. Bolwell's Office February 25, to Plan Production

Plans for this season's Troubadour musical production of "Sometime Soon," will be agreed upon at a meeting of the Troubadour Board of Directors to be held on Monday, February 25, at 9.30 p. m., in Dr. Robert Bolwell's office, on the third floor of Building 6. The date for try-outs will be set at this time, and will be announced in a subsequent issue of the Hatchet.

The Wardman Park Theater has been definitely engaged for the first, or if it becomes advisable, the second week of May for the presentation of "Sometime Soon."

The musical comedy will be in perfect shape for presentation by this time, promises Managing Director James Fleck, if a suitable amount of talent turns out for the try-outs. "We are all set with words and music," he states, and he also speaks to the effect that Bill Jemison, the Musical Director, has written several "hot" numbers in addition to those of the authors of the script of the show, Ralph Hilton and Edgar Brower. It is understood, too, that Julia Denning, Dancing Director, is planning some novel dances.

Professor Henderson To Attend Convention

G. W. Instructor Will Read Paper on Discovery of Potash in United States

Edward P. Henderson, Associate Professor of Mineralogy, will attend a meeting of the American Institute of Mining and Metallurgical Engineers to be held February 18 to 22, inclusive, in New York City. Mr. Henderson and Dr. W. T. Schaller of the Geological Survey, will read a paper on "Mineralogy of Potash Cores."

For the past five or six years drilling for potash has been going on in New Mexico. The discovery of an independent source of potash in the United States would be of inestimable benefit to agriculture. Millions of dollars would be saved that is now spent for the importation of this valuable mineral. Mr. Henderson, in collaboration with other mineralogists, has been working on the mineralogy of potash for the past two years, and will release a publication on their findings sometime this spring.

STYLE CHANGING

BRYN MAWR, Pa. (IP). — Some of the conservative lassies of this college stick to the cigarette. But most of them have given it up as something for "grinds" to use.

In its place, the modern co-eds here are using pipes, fashioned expressly for women.

G. W. BASKETERS DEFEAT MEDICOS IN FIRST VICTORY

Colonials Run Wild Over Virginia Medical College For 45-21 Score

BUCKNELL FIVE BEATS G. W. IN EARLIER GAME

Crum's Team Runs Behind Pennsylvanians Throughout; Rally in Third Quarter Fruitless

For the first time this year, the George Washington basketers broke into the win column when they took the measure of the Virginia Medical College five in a 45-21 victory last Friday night. Their performance gave them an even break for their week's work as they had previously lost to Bucknell on Tuesday.

Led by Irvin Fine and Bill Snow, the Colonials had little trouble in bowling over the opposition. Fine ran wild throughout the evening and once started, was not to be denied. The midget forward rang up nine field goals and a foul toss for a huge total of 19 points.

Bill Snow was another "rookie" to acquit himself creditably. Next to Fine, Snow was the high scorer for the team with 12 points, and it was he who started the fireworks with three field goals at the very outset. Another newcomer, Johnny Thacker, put up a truly great exhibition. Although it was his first game, Thacker put the ball through the loop no less than three times from the floor and twice from the 15-foot mark.

Bobby Gray, acting captain for the game, played through the contest with a severely sprained hand, but scored four times for his team via the "free route" method.

Colonials Lead From Start

At no time were the Colonials behind and the half ended with the home team leading 23-12.

The game opened auspiciously enough for the Buff and Blue when Snow rang up two field goals to give his team a 4-0 lead. A foul toss gave the visitors their first score, before Snow again came through with a double-decker. Here the visitors took on a spurt and with a foul thrown in ran up the count to be trailing only 7-6. However, Thacker came through with a floor goal and Fine looped in two, making the second on a beautiful pass from Snow right under the basket.

After the Medicos had reached 10 points, the home team started on a drive which put them 12 points in the van. During the onset Fine accounted for four goals while Thacker and Gray each took a hand in the scoring. A foul toss by Fine ended the scoring for the first half which left the Colonials leading 23-12.

The second half opened with the Buff and Blue starting off as if to make a runaway of the game. After the visitors had scored two points, the Colonials rang up eight points in rapid succession, with Snow opening the scoring on a beautiful shot from the side of the court. Five foul tosses gave the Medicos as many more points, but Fine and Snow counted two apiece and Thacker's two-pointer gave the Buff and Blue a 41-19 advantage.

Two more goals, by Allshouse and Fine, ended the scoring, while the best the losers were able to do was one field goal right before the whistle.

Bucknell Outclasses G. W.

Last Tuesday night the George Washington Colonials were outclassed by the Bucknell sharpshooters in their gettogether in the H Street gym by a 48-19 score. The teams appeared to be on equal footing for the first few minutes of the play, but the Pennsylvania quint led by Seiler, sharpshooting forward, opened up an attack which terminated in a 20-9 score at the half.

The intermission period failed to produce any changes on the Crummen and the margin that the "Bucks" enjoyed was materially widened.

Thacker went in for Snow in the waning minutes and led a shortlived rally that terminated with the final whistle. Seiler, with 7 goals from scrimmage and 10 from the foul line was the outstanding figure on the floor. Reds Allshouse and Johnny Thacker were most consistent for George Washington.

The box score:

1928 Isaac Walton Goes Poetic Now

Bingham, Maine
Jan. 31, 1928

When you've planned a trip for fishing,
And you've spent a lot of kale,
Bet the whole of your vacation
On some advertiser's tale
And you fish a lake of beauty
Hidden in a land of dreams,
Where the air is clean as sunshine
Haunted by songs of crystal streams.
Comes the moment when you're casting
And a smasher hits your line,
Then you play him like a gamester
With the battle going fine,
Till a snag, a yank, and silence
And the line is hanging slack,
While you grit your teeth and whistle
And reel the fishline back.
Take the pipe and fill with Edgeworth,
Light her up and learn to grin
Then by gum you are elected
To the Club of Try Agin!

Women Riflers To Go To Pittsburgh March 2

Dean of Women There to Honor Squad at Banquet; Team Not Announced

The Women's Rifle team will journey to Pittsburgh on March 2 to shoot a shoulder-to-shoulder match with the University of Pittsburgh. Last year the G. W. riflers defeated the Pittsburgh squad.

Dean Dreem, Dean of Women, is giving a banquet in their honor to which the Women's Athletic Association of Pittsburgh and Pittsburgh rifle team have also been invited.

The girls who will make the trip will be chosen after the third stage of the N. R. A. matches is shot this week.

The last stage of the beginners' matches will be completed this week after which the squad will be cut.

The interclass match will be shot the last of March.

GREEKS BOWLING IN SECOND WEEK

Phi Sigma Kappa and Acacia Are Winners in League A Matches

S. A. E. BEATS KAPPA SIGS

Sigma Chi is also Victorious; Motyka of Acacia Rolls High Set

Out of the interfraternity bowling schedule chaos emerged four completed matches during the first week of play. S. A. E. and Sigma Chi defeated Kappa Sigma and S. P. E. in League B, with the Phi Sigs and Acacia winning over T. U. O. and Sigma Nu in League A.

Sigma Chi with a total of 1,474 pins for three games turned in the highest team score of the week. Acacia took the laurels in individual game score with one game of 511. Motyka, Acacia bowler, nosed out Charlie Jaquette, Phi Sig, for high individual man by one point, getting 329 pins in his three games.

The bowling schedule has been changed to Monday and Friday nights at King Pin Number One. Due to the general mix-up in the schedule, causing a number of games set for last week to be postponed, many of the matches are being arranged by representatives of the various opposing fraternities to suit themselves.

Individual and team totals for last week were:

Phi Sigma Kappa (1,419)

STUDENTS MAKE PIE

The Home Economics Department held a pie-making demonstration before the ladies of the Housekeepers Alliance last Friday afternoon, at the home of Miss Johnson, one of the members. Harriette Rissler, Helen Drew, and Mrs. Irene James were the students selected to conduct the exhibition.

FRESHMAN FIVE BREAKS EVEN IN TWO COURT TILTS

Takes Thrilling Game From Central High by Basket in Final Seconds

LOSE TO UNDEFEATED GEORGETOWN FROSH

G. W. Five Unable to Hold Pace Against Heavier Opponents and Lose 34-20

The freshman quintet took a thrilling game from Central High School, 19-18, on Leverton's basket in the final seconds of play, but lost to Georgetown University freshman, an undefeated team for the year, by a 34-20 score.

Central took an immediate lead after the opening whistle and kept a few points ahead until Leverton made a one-hand side shot in the final period to place the frosh 1 point ahead with ten seconds to go.

Fisher and Cross, Central forwards, scored most of their points in the first half to give the Blue and White five a 12-7 lead at intermission, but the freshman guards held them in check during the final half while the yearlings forged ahead.

Castell Plays Good Game

Jeweler, the smallest man on the freshman squad, played his usual floor game in assisting the offense of his team. Castell scored eight of the nineteen points made by the Colonials.

Box Score:

FROSH	G.	FG	TP
Jeweler	1	2	4
Leverton	1	0	2
Ginberg	1	1	3
Lefler	0	0	0
Castell	3	2	8
Perry	1	0	2
Totals	7	5	19

CENTRAL	G	FG	TP
Fisher	4	1	9
Cross	3	0	6
Romig	0	1	1
Lampson	0	2	2
Parkins	0	0	0
Totals	7	4	18

Playing against such odds as the undefeated Georgetown freshman team, a larger and heavier opponent, the Buff and Blue youngsters played a fine game for the first three quarters, but crumpled under the strain in the final period. The frosh took a 7-3 lead at quarter, but, the visitors' attack began to function, and the freshmen fell behind gradually until they were on the short end of a 23-20 score just before the start of the last period.

In this quarter the G. W. team speeded their action to break up the freezing game of their opponents, but the visitors sifted through this defense to put the game on ice.

The perfect balance of the Georgetown team is proved by the nearness in the scoring ability of each member.

Box Score:

FROSH	G	FG	TP
Jeweler	1	1	3
Leverton	2	1	5
Ginberg	2	0	4
Hoover	1	0	2
Stanton	0	0	0
Castell	0	2	2
Perry	2	0	4

COLONIALS BEAT PENN STATE TEAM ON JURY SYSTEM

Varsity Women Debaters Win First Victory by Vote of Audience

G. W. WOMEN FAVOR ABOLITION OF JURY

Ruth Kernan, Marjorie Mothershead, and Louise Feinstein Compose Victorious Debating Team

For the first time this year the varsity debaters won when the G. W. women's team beat the invading Penn State College last Saturday evening, February 16, in Stockton Hall.

The women debaters made a very interesting discussion on the subject, "Resolved, that the present American jury system should be abolished." The affirmative side was upheld by the Colonials, while the negative was maintained by the fair debaters from Penn State.

The audience was called upon to pass the verdict. It was requested to choose the team which gave the more effective debate.

Audience Votes

Although the audience was quite large, only forty men and women cast their votes. Twenty-four voted in favor of George Washington and sixteen for Penn State.

George Washington was represented by Ruth Kernan, Marjorie Mothershead and Louise Feinstein. The visiting team was composed of Retta Bostinick, Janette Burns and Reba Hendrickson.

"The jury system is outworn, as it exists in America," said Ruth Kernan. "Formerly, in old England, twelve knights who were conversant with the facts were chosen to compose a jury. Now we do not choose that way today. We choose our jury haphazardly."

Jury System Outworn

"The jury system today is not outworn," argued Retta Bostinick, the first speaker for the negative. "It differs from that of Old England to meet modern conditions. The jury system has been successful in its fundamental principles."

"The jury system is inefficient," charged Marjorie Mothershead. "The present day jury can not even follow the instructions given to it. Generally only men of mediocre ability serve on it."

"The jury system should be improved rather than abolished," stated Janette Burns. "It is efficient, just and impartial. The defects in the judicial system lie in court procedure and not in the jury."

Tribunal Desired

"A tribunal of three or five judges should take the place of the jury," asserted Louise Feinstein. "The judges are in court daily. They learn human nature and their minds are trained to remember, discriminate and reason. Mistrial is almost impossible in a tribunal of judges."

"The jury gives social and moral justice. It is not like a judge who has some interests to serve. The abolishment of the jury system would be an insult to democratic principles," said Reba Hendrickson in closing.

Each of the debaters made an interesting rebuttal.

Schoenfeld Verein Meets February 20

Martha McAdams, Washington Pianist, Will Entertain German Club With Several Selections

The first meeting of the new semester of the Schoenfeld Verein will be held on Wednesday evening, February 20, at 8.30 p. m. in the Chi Omega rooms.

The playing of several selections on the piano by Martha McAdams, a well known young pianist of Washington, will be the feature of the evening. An added attraction will be the singing of several songs by Mr. Mortimer Davenport. Entertainment will also be provided by the playing of German games and the telling of anecdotes in German by the members of the Club.

C. U. BASKETBALL GAME IS TONIGHT

Both Teams Have Had Poor Seasons Prior to This Meeting

G. W. HAS EVEN CHANCE

Freshman Teams Will Meet in Preliminary to Varsity Game, Beginning at 7

All roads lead to Catholic University tonight where the George Washington basketers are slated to hook up with their old rivals in the first of their annual two-game series. The Colonials will be invading their enemy's stamping ground with more than an even chance of bringing home the bacon, as the Cardinal five of 1929, is not the same brilliant team which has been the despair of G. W. teams for the past few years.

Prior to the main attraction, the Colonial freshmen will engage the C. U. Frosh in a preliminary which is scheduled to start about 7 o'clock. Both of these teams possess brilliant records this year and it will be a battle to the finish for the cubs tonight.

If comparative records mean anything, it is just about a toss-up as to the winner of tonight's game. The C. U. five whipped the American University team in their only victory, something which G. W. has not been able to do in two meetings with the Eagles, but that lone win of the Cardinals over A. U. was considered something of a "freak" in local sport circles and must be regarded as just one of the many "upsets" bound to happen during the course of a season.

Crum Points for C. U.

For the important game, Crum will probably start the same line-up which brought him victory over the Virginia Medicos. This includes Fine and Thacker, forwards; Gray and Lamphere, guards; and Snow, center, although there is a possibility that Allshouse may start at one of the forward posts.

The Colonials will have to watch several of the Cardinals tonight, though, to insure their chance of victory. Joe Walsh, at forward, has been one of the brilliant players on the team throughout the season. Then too, there will be Tut Amann, center and captain, one of the few men on this year's squad from last year. If the Buff and Blue can effectively smother these two men, their chances of victory will be bright.

CO-ED SEXTET MEETS AMERICAN IN OPENER

G. W. Team Plays in American U. Gym February 21; Victors Last Year 52-16

George Washington co-ed basketeers will open the varsity season on Thursday, February 21, when they play American Univeristy in the latter's gym at 2.30.

Last year the Colonials defeated the American sextet 52 to 16. This year the strength of the Colonials yet remains to be tried, while Gallaudet downed the American University team, 41 to 23.

Eugenia Davis, coach, has not yet announced the line-up which will start the game. Naomi Crumley, captain and star forward, Jenny Turnbull, side-center, and Betty Zimmerman, guard; all of whom played on last year's varsity will probably form the nucleus of the team.

Drexel Institute of Philadelphia has been substituted for Hood College on the schedule. They will be met on March 2, in the H Street Gym. This is the first time the Buff and Blue squad has ever played the Philadelphians.

ADVERTISING CONTEST IS NOW IN FIRST WEEK

Much interest is being manifested in the Advertising Contest which is being conducted by the publications of the University. The contest started on February 18th and will continue through March 11th. Only new advertising secured between the dates for the contest will count toward the prizes.

For further information contestants may see the General Business Manager, A. Frank Kreglow, in the Hatchet Office on Friday or Monday, February 22 and 25. The judges will be the General Business Manager, his assistant, and the Dean of Men.

SEATTLE, WASH. (IP).—Friday, January 18, was Tolo day at the University of Washington.

Tolo is the day on which the women of the campus invite out the boy friends and pay all the expenses of the dates.

CO-EDS PLANNING SWIMMING MEET

Fourth Annual Interclass Competition Will Be Held the Last of March

NEW EVENTS LISTED

Cup Offered to Individual Winning Most Points as Well as High-Point Class

Plans are now under way for the fourth annual inter-class swimming meet for women, which will be held the last of March, in the Y. W. C. A. pool. For the past three years this meet has been won by the class of '29, making them victors as freshmen, sophomores and juniors.

Some new events are being added this year so that those students who may not compete in the varsity meet will get the type of training given the varsity squad. Each entrant may compete in three events and a relay race, including not more than two events for speed.

Advanced Swimmers

The events listed for advanced swimmers are: 40-yard free style, 40-yard back crawl, 40-yard breast stroke, 80-yard free style, diving, plunge, form swimming and a relay. Diving consists of front and back diving and two optionals for each contestant.

Events for intermediates are: 20-yard free style, 20-yard back crawl, 20-yard breast stroke, diving, plunge and relay. Diving is to consist of a standing front and a running front.

The requirement for eligibility is an average of two practices each week. This eligibility is computed from the beginning of the second semester, January 31, through to the meet itself.

Individual Cup Offered

In addition to the inter-class cup, an individual cup is awarded to the high point winner. Julia Denning won this cup last year, and Claudia Kyle won it the year before. The points scored by the different classes last year are as follows: Juniors, 44 points; seniors, 31½ points, sophomores 23 points, and freshmen, 18 points.

The managers for the various class teams are: Seniors, Julia Denning; juniors, Claudia Kyle; sophomores, Corella Morris; and freshmen, Grace White.

NEW SCIENCE STARTED

EASTON, Pa. (IP).—Rheology, a new science which combines chemistry and physics, to study the flow of matter, was founded as a result of the third annual plasticity symposium held at Lafayette College in December.

Cues, Curtain Calls and Clinches

By STAGE DOOR JOHNNY

COLUMBIA

"The Trail of '98," Metro-Goldwyn-Mayer's picturization of Robert W. Service's epic of the gold rush to the Klondike is the film attraction at Loew's Columbia this week. The picture is synchronized with sound and music, and Dolores Del Rio, Ralph Forbes, Harry Carey, Tully Marshall, Tenen Holtz, Karl Dane and George Cooper are in the cast.

The picture is the story of a beautiful girl who with her family tries to eke out a living in Alaska. The picture was two years in making and employs thousands of extras. The scenic beauty striking and the sequences are thrilling.

EARLE

Screened almost wholly at and in the vicinity of the United States Naval Academy, at Annapolis, Pathe's new picture, "Annapolis," featuring John Mack Brown, Hugh Alla, Jeanette Loff and William Bakewell, is playing at the Earle Theater this week.

The picture was directed by Christy Cabanne, himself, a graduate of the Naval Academy and a directer of ability. He also directed "The Midshipman," in which Ramon Navarro was starred.

Other features of the bill will include a two-reel all-talking comedy, "The Joy Ride," a curiosity reel in sound and the latest issue of the Earle Topical Review.

FOX

At the Fox Theater this week the management is announcing Victor McLaglen, in his latest Fox production, "Captain Lash," supported by Clyde Cook and Claire Windsor.

Clyde Cook has a fine comedy role and Claire Windsor needs no introduction to picture lovers.

A Fox Movietone feature will also be seen. It is the first condensed comedy to combine talk, singing and dancing and has Lois Moran, in a role that is expected to surprise the Fox patrons.

METROPOLITAN

Fannie Brice's first talking picture —Warner Bros.' vitaphone special. "My Man"—is the feature this week at Cradall's Metropolitan Theater. The heart story of three orphans of the big town, it is shot through with melody and made exceptionally amusing by Fannie's well known clownings.

Fannie Brice is famous for the fact that into her songs she puts herself. Songs that she sings include "I'm an Indian," "The Spring Song," "If You Want the Rainbow, You Must Have the Rain," "Floradora Baby," "Second-Hand Rose" and "I'd Rather Be Blue Thinking of You Than Happy With Somebody Else." And she also gives the recitation, "Mrs. Cohan at the Beach."

PALACE

Nils Asther, bold screen lover that he is, has stepped into the once famous Gilbert-Garbo team, and his first picture with the glorious Greta is at the Palace this week. Lewis Stone completes the cast in his usual competent way.

The story deals with the age-worn "triangle," the local transported to Java, with Asther the bold, domineering Prince de Gace. Garbo and Stone, happily married, go to that isle on business and Asther seeks to win Greta from her husband. The climax comes in a thrilling tiger hunt, and the Prince is barely spared his life by Stone. Garbo, left to choose between the two, remains true to her first love.

The stage bill brings forth another of the usual excellent Palace bills. The effects and scenery of some of the last few of these productions would have done justice to any Broadway revue and this week's is no exception.

EMORY GLEE CLUB TO SING TOMORROW EVENING

Final plans for the concert of the Emory Glee Club, of Atlanta, at the Mayflower tomorrow evening have been completed, according to Maude I. O'Flaherty, member of the local commmittee. An excellent program of music will be presented and there will be dancing from 10.30 to 12.30.

Kappa Alpha, Delta Tau Delta, Kappa Sigma, Sigma Chi, and Sigma Nu fraternities are cooperating with the committee and are entertaining members of their fraternities during the club's visit to Washington.

Tickets for the concert and dance may be obtained from the above fraternities or from Maude I. O'Flaherty.

Have you a "camera taste"?

The Hindu Fakir tosses a rope into the air, swarms up said rope hand over hand, and pulls it in after him. Marvelous! One skeptical tourist took a snapshot of the miracle. Result: no miracle, no climb, nothing.

You can't photograph a cigarette's flavor, of course. Can't *taste* it, either, if it isn't there. Mildness can be overdone, you know — to the point where there's no taste at all. But never in Chesterfields. They've *got* flavor and body, and it doesn't take a hypnotist to prove it.

Not that there's even a hint of harshness in Chesterfield. There's none smoother. But all the full, rich, subtly blended tobacco flavors are kept intact to do their pleasant duty—to *satisfy*.

Isn't that what a cigarette is for?

CHESTERFIELD

MILD *enough for anybody..and yet*..THEY SATISFY
